

Aacapella Read Pricing

Aacapella Read is currently available only in Australian and New Zealand Schools. In the future, Aacapella Read will be available to parents to use at home to introduce their children to books and reading.

Teacher Subscriptions

Teacher subscriptions are charged at the rate of AU\$5 per teacher per year and renew automatically if not cancelled prior to the renewal date.

A subscription allows a teacher to use Read. However, a teacher must be assigned to a class to use Read with students. A class is the link between teachers and students.

Student Subscriptions

Student subscriptions are charged at the rate of AU\$95 per student per year and renew automatically if not cancelled prior to the renewal date.

A subscription allows a student to use Read. However, a student must be assigned to a class to use Read at school. A class is the link between teachers and students.

Currently, Aacapella Read can only be used at school. In future releases the student will be able to use Read at home as well as at school using the same subscription.

Books

Aacapella Read makes mainstream decodable and levelled readers accessible to AAC users. A wide range of books from international publishers is available, and more books are added to our library every month.

Books are exclusively available from the Aacapella Shop. Prices vary between AU\$8 and AU\$15.

Each book purchased is licenced to one defined student and is not transferrable. Each book licence expires twelve months after the date the book is first read by the student. Book licences may be renewed for a further twelve months on payment of a renewal fee.
